

PEOPLE-CENTRIC. TECHNOLOGY-DRIVEN. STAFFING-SMART.

A national IT staffing firm, iTech Solutions is well-respected for delivering the highest standards in IT staffing and an unparalleled ability to discover smart IT talent. iTech knows that staffing success takes more than high-caliber IT professionals, it takes technical expertise, cultural fit and work ethic—all at the right price.

We're All Business for Your IT Business

Committed to achieving results for our clients that go beyond a quick placement, iTech leverages our expertise in the IT staffing business and our direct technology experience to deliver more every time. Our areas of expertise include:

- > Agriculture/Food
- > Financial Services
- > Government
- > Health care
- > Insurance
- > Manufacturing
- > Media
- > Pharmaceutical
- > Retail
- > Telecommunications
- > Utilities/Energy

Architects of the Right Fit

Looking for staffing experts who get IT? iTech knows there are many pieces to the staffing puzzle. When identifying talent to fill your staffing needs, the right blend of technical knowledge, business acumen and soft skills is always matched to your culture and organizational requirements.

A Steady Partner

iTech listens carefully, taking the time to analyze and thoroughly understand our clients' job requirements. As a result, we exceed expectations in delivering the talent best suited for the role in a timely manner and with personalized customer care.

Expect Integrity

iTech is a company built on the philosophy that honesty matters, experience counts and partnerships bring mutual success. With day-to-day direct involvement by iTech's owners, clients are assured consistency, steady communication and no unpleasant surprises.

More >
